

Dear Phil,

Aug 10, 2009

We love, love, love our patio
Cover.

The boys were such hard workers.
They never rested. So polite. You have
two fantastic hard workers who even
though it was extremely hot they
kept working, sweating, working until
the job was finished. I tried to get
them to take a break, but they wouldn't

I wanted you all to know what
they did. We pray God will bless
these young men and we thank you
need to give them a raise.

Most workers we have had, work a few
hours and stop, take a break, or leave for
the day. Not these young men.

A Great job.
